

Ruby - Feature #13665

String#delete_suffix

06/16/2017 02:30 PM - sonots (Naotoshi Seo)

Status:	Closed	
Priority:	Normal	
Assignee:		
Target version:		
Description In https://bugs.ruby-lang.org/issues/12694 , we decided to have String#delete_prefix. It would be nice to have String#delete_suffix method to delete suffix from a string for symmetry although it can be achieved with String#chomp as: <pre>class String def delete_suffix(substr) chomp(substr) end def delete_suffix!(substr) chomp!(substr) end end</pre> Any opinions?

History

#1 - 06/16/2017 10:34 PM - nobu (Nobuyoshi Nakada)

- Description updated

At yesterday meeting, a name lchomp was proposed but rejected because of the special deal of CR LF.
If delete_suffix will be introduced, it should keep CR before LF when the argument is LF only, as well as delete_prefix.

#2 - 06/21/2017 08:42 AM - shevegen (Robert A. Heiler)

I think the method's functionality is good to have.

#3 - 06/26/2017 04:54 AM - sonots (Naotoshi Seo)

I've sent a PR <https://github.com/ruby/ruby/pull/1661>.

I will merge if I get agreement at a ruby developer's meeting.

#4 - 07/14/2017 06:07 AM - matz (Yukihiro Matsumoto)

Looks good to me.

Matz.
