

Ruby - Bug #17510

enable constant cache on Ractors

01/04/2021 04:47 PM - ko1 (Koichi Sasada)

Status:	Closed	Backport: 2.5: DONTNEED, 2.6: DONTNEED, 2.7: DONTNEED, 3.0: DONE																														
Priority:	Normal																															
Assignee:	ko1 (Koichi Sasada)																															
Target version:																																
ruby -v:																																
Description																																
constant cache IC is accessed by non-atomic manner and there are thread-safety issues, so Ruby 3.0 disables to use const cache on non-main ractors. To enable the constant cache, we need to make IC access atomically, and this is a patch: https://github.com/ruby/ruby/pull/4022 This patch enables it by introducing imemo_constcache and allocates it by every re-fill of const cache like imemo_callcache. Benchmark: <pre>Warning[:experimental] = false def tarai(x, y, z) = Object && # useless constant reference x <= y ? y : tarai(tarai(x-1, y, z), tarai(y-1, z, x), tarai(z-1, x, y)) def task = tarai(12, 6, 0) # require 'benchmark' Benchmark.bm{ x x.report('seq'){ 4.times{ task } } x.report('par'){ 4.times.map{ Ractor.new{ task } }.each(&:take) } }</pre> master (095972e799): <table><thead><tr><th></th><th>user</th><th>system</th><th>total</th><th>real</th></tr></thead><tbody><tr><td>seq</td><td>1.618664</td><td>0.001916</td><td>1.620580</td><td>(1.620620)</td></tr><tr><td>par</td><td>18.168252</td><td>16.840400</td><td>35.008652</td><td>(9.452195)</td></tr></tbody></table> This patch: <table><thead><tr><th></th><th>user</th><th>system</th><th>total</th><th>real</th></tr></thead><tbody><tr><td>seq</td><td>1.587542</td><td>0.000000</td><td>1.587542</td><td>(1.587548)</td></tr><tr><td>par</td><td>1.950062</td><td>0.000000</td><td>1.950062</td><td>(0.497173)</td></tr></tbody></table>				user	system	total	real	seq	1.618664	0.001916	1.620580	(1.620620)	par	18.168252	16.840400	35.008652	(9.452195)		user	system	total	real	seq	1.587542	0.000000	1.587542	(1.587548)	par	1.950062	0.000000	1.950062	(0.497173)

enable constant cache on ractors

constant cache IC is accessed by non-atomic manner and there are thread-safety issues, so Ruby 3.0 disables to use const cache on non-main ractors.

This patch enables it by introducing imemo_constcache and allocates it by every re-fill of const cache like imemo_callcache.
[Bug #17510]

Now IC only has one entry IC::entry and it points to iseq_inline_constant_cache_entry, managed by T_IMEMO object.

IC is atomic data structure so `rb_mjit_before_vm_ic_update()` and `rb_mjit_after_vm_ic_update()` is not needed.

Revision e7fc353f044f9280222ca41b029b1368d2bf2fe3 - 01/04/2021 05:27 PM - ko1 (Koichi Sasada)

enable constant cache on ractors

constant cache IC is accessed by non-atomic manner and there are thread-safety issues, so Ruby 3.0 disables to use const cache on non-main ractors.

This patch enables it by introducing `imemo_constcache` and allocates it by every re-fill of const cache like `imemo_callcache`.

[Bug #17510]

Now IC only has one entry `IC::entry` and it points to `iseq_inline_constant_cache_entry`, managed by `T_IMEMO` object.

IC is atomic data structure so `rb_mjit_before_vm_ic_update()` and `rb_mjit_after_vm_ic_update()` is not needed.

#2 - 01/04/2021 07:09 PM - ko1 (Koichi Sasada)

- Backport changed from 2.5: UNKNOWN, 2.6: UNKNOWN, 2.7: UNKNOWN, 3.0: UNKNOWN to 2.5: UNKNOWN, 2.6: UNKNOWN, 2.7: UNKNOWN, 3.0: REQUIRED

this patch is for performance, but it seems be valuable to backport to 3.0.1.

#3 - 01/04/2021 09:14 PM - k0kubun (Takashi Kokubun)

[e7fc353f04](#) broke MJIT, so if it's to be backported to 3.0.1, please make sure [\(87c546b5fa](#) to avoid a conflict and) [7a3322a0fd](#) is backported as well.

#4 - 01/13/2021 04:34 AM - naruse (Yui NARUSE)

- Backport changed from 2.5: UNKNOWN, 2.6: UNKNOWN, 2.7: UNKNOWN, 3.0: REQUIRED to 2.5: DONTNEED, 2.6: DONTNEED, 2.7: DONTNEED, 3.0: REQUIRED

#5 - 02/01/2021 09:23 AM - naruse (Yui NARUSE)

- Backport changed from 2.5: DONTNEED, 2.6: DONTNEED, 2.7: DONTNEED, 3.0: REQUIRED to 2.5: DONTNEED, 2.6: DONTNEED, 2.7: DONTNEED, 3.0: DONE
