

# Make it a mural, not a meeting.

Faster progress, better ideas,  
and higher-performing teams?  
That's happy work.

Choose the only system that combines an intuitive digital whiteboard where teams can collaborate, industry-leading training programs to improve problem-solving, and professional services that deliver business results.

## Trust and security

### **You need an enterprise-grade platform you can trust.**

- Security, privacy, reliability, and compliance measures designed for the world's most security-conscious companies.
- Technical support and implementation solutions for complex organizations.
- Features that give you visibility, security, and control.

### **You need to transform how teams work together.**

- Mural offers training and services that improve how your teams work together — in offices or around the world.
- LUMA System (TM) certification programs equip teams with the collaboration skills to tackle everyday work challenges with creativity and confidence.

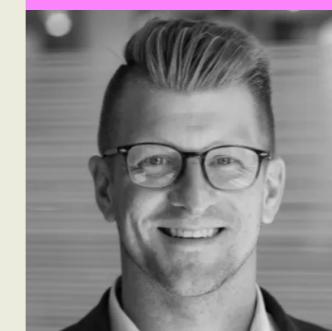

### **You're ready to maximize your Microsoft investments.**

- Mural offers the deepest integration with the Microsoft ecosystem of all visual collaboration platforms.
- Power more efficient workflows across Microsoft Teams, PowerPoint, Azure DevOps, and more.

### **You want transparent pricing with no catches and no surprises.**

- Choose between seat-based or engagement-based pricing.
- Never get billed retroactively.

“Mural enhances our ability to create a safe space for people to collaborate and contribute, whether they’re introverted or extroverted, in person or remote. Meetings are more engaging and inclusive, and ultimately, diverse perspectives lead to more innovative, impactful solutions.”
