## Intervention Strategies for School

- Address the harm caused and the specific people that were hurt
- Prioritize resources focused on mental health, identity development, cultural connection, career and college readiness

Respond with  
Meaningful  
Consequences &  
Support

Prioritize Healing  
and Needs of  
People Harmed

- Bring voices and needs of people who were harmed to help identify appropriate and impactful consequences
- Provide support to people harmed during and after incident

- Respond to incidents with campus staff supplemented by outside resources from community groups, healthcare providers, and other relevant resources
- Critically reflect on use of law enforcement agencies and school police

Keep it on  
Campus
